VISA RESTRICTIONS FOR TERRA:

- Saurian Extra-Packaged-Trips visitors do not qualify for TerraVisa on arrival (Type-A). They need to apply for a Type-B Permit in advance.

CHANGING TRIP CLASS DURING THE TRIP:

- Visitors with a Type-B permit & illegal immigrants, must clean Dunia-Organic-Karma before obtaining a Type-A TerraVisa.
- Source Trips are granted TerraVisa Type-A on arrival: while maintaining this Planetary Surface Visa is a constant work, being expatriated to Subno-Worlds takes an instant.

LAW & ORDER

The pacificators from Saurian Industries

Slave work: Personal values and boundaries are determined by job wages.

Order of authority keepers

A world of orders: optional to life

Player can choose this:

the given commands decided by some.

It is up to humanity to decide what commands to follow, and to raise to the occasion when necessary.

Very often a creative career is more defined for the work that was refused to do than for the one that was done.

We all live in the same world but don't live in the same frequency.

Natural Matrix World

NATURAL ORDER

The Peace inspirers from Source Creation

Heroic work: Personal values and boundaries determine job choices.

Order of authority changers

The order of things: inherent to life

Player can NOT choose this:

the processes that if altered cause chaos.

It is not up to Humanity to decide, but to flow with it.

There is a natural order & chaos process inherent to Creation. Only Source Creation is in charge of that, from outside the Game.

Light & Chaos bringers ("Angels and Demons") are inside the Game, not outside. This means you will always have the power to overcome them.

Every problem presented to you, have an achievable solution. However this solution is never at the same level of the problem.
